Library Catalogue

March 2022

Using the Library

Contents of the Library

The Library collection has an emphasis on Australia and Australian States. The majority of the collection has been donated to the Society, including all of the journals. A few new books are bought and suggestions for purchases are welcome.

Classification system

Books are arranged on the shelves in classified order using a system developed by John Waugh. Books on similar topics are brought together by this system so that a user can browse the shelves for books on similar topics. A copy of the numbering system is available in the Library.

Opening hours

The library is open during day and evening meetings. If the Librarian is not present, a committee member will be able to provide access to the book collection.

Borrowing items from the Library.

Loan period: Books and journals may be borrowed for a period of up to one month – that usually means that they should be returned at the next monthly meeting.

Borrowing process: Borrowing is on an honour system which uses a loan book which is located on top of the small shelf inside the entrance door. For books enter the date, the details of the book including its shelf number, title and author, and your name and contact details (phone number or address). For journal issues the details required are the name of the journal, the volume or issue number, and the date of issue.

Loans Book: Members borrowing books or journal issues must enter the details of the item, including book title, the number on the back of the book or the volume, issue number and publication date of a journal, the date of borrowing, the borrower's details including name and telephone number, and the date, in the Loans Book which is sitting on top of the shelves near the entrance.

Return of Borrowed items: Returned items should be placed on the shelf next to the Loans Book, and the items should be marked off as returned, and with the date.

Photocopying and printing

A photocopier is available in the Committee room, and committee members can be requested to copy a few pages of a journal article or book.

The Librarian has access to a scanner and can be requested to scan a small number of pages.

Lost and damaged books and journals

Members will be charged the replacement cost of lost and mutilated materials. Replacements are often very expensive!

Messages and Inquiries

Messages for the Librarian may be left on the BPS telephone 03-9530-6760
